State Committee Meeting:
2nd Wednesday and
Thursday of each Quarter

Acting State Executive Director: Danny Hoots

Message from the SED

FSA County Offices are still available to customers. Our Staff will continue to work with our customers by phone, email and by using online tools whenever possible. For Service Center contact information, visit <https://offices.sc.egov.usda.gov/locator/app>.

FSA is inviting you to participate in the #Plant2021 online campaign. Using this hashtag, many farmers and agricultural operations post photos and videos to their social media channels that document their planting work. It's a great way to share the story of agriculture in America with audiences not just nationwide, but worldwide. For information on how to participate in the campaign with us, read our blog, and submit your photos and videos to SM.FP.Social@usda.gov.

Please contact your local FSA Office for questions specific to your operation or county. To find contact information for your local office go to www.fsa.usda.gov/ar

FSA announced that signup has reopened for the Coronavirus Food Assistance Program 2 (CFAP 2) as part of the Pandemic Assistance for Producers initiative. The initial CFAP 2 signup ended on Dec. 11, 2020, but USDA has reopened sign-up for CFAP 2 for at least 60 days beginning April 5, 2021, for producers to apply or make modifications to existing CFAP 2 applications. Visit www.farmers.gov/cfap/commodities for a full list of eligible commodities for each category.

Until next time...

Upcoming Events and Workshops

Upcoming Events and Workshops

The USDA Arkansas Farm Service Agency (FSA) is committed to educating producers on available programs and loans. FSA representatives will be available at the following workshops and conferences. Producers interested in attending these conferences/workshops should follow the registration or RSVP instructions listed below.

Apr. 29th – ALFDC/ALCDC Virtual Summit “What’s in it for you” Arkansas Land and Farm Development Corporation (ALFDC) and Arkansas Land and Community Development Corporation (ALCDC) will host a virtual Tri-State Summit entitled “What’s in it for you” on Thursday, April 29, 2021. **Acting State Director Danny Hoots will represent FSA and present on the Coronavirus Food Assistance Program 2 (CFAP2).** The virtual Summit is free to attend. For additional information and pre-registration, please contact Tameecia Smith, Mary Harris or Albert Jones at (870) 734-3005 or go to our web site at Alcdc.webs.com to pre-register. After registration, you will be provided the virtual conference link for participation.

After Identifying Gaps in Previous Aid, USDA Announces ‘Pandemic Assistance for Producers’ to Distribute Resources More Equitably

Agriculture Secretary Tom Vilsack announced that USDA is establishing new programs and efforts to bring financial assistance to farmers, ranchers and producers who felt the impact of COVID-19 market disruptions. The new initiative—**USDA Pandemic Assistance for Producers**—will reach a broader set of producers than in previous COVID-19 aid programs.

USDA is dedicating at least \$6 billion toward the new programs. The Department will also develop rules for new programs that will put a greater emphasis on outreach to small and socially disadvantaged producers, specialty crop and organic producers, timber harvesters, as well as provide support for the food supply chain and producers of renewable fuel, among others. Existing

programs like the Coronavirus Food Assistance Program (CFAP) will fall within the new initiative and, where statutory authority allows, will be refined to better address the needs of producers.

USDA Pandemic Assistance for Producers was needed, said Vilsack, after a review of previous COVID-19 assistance programs targeting farmers identified a number of gaps and disparities in how assistance was distributed as well as inadequate outreach to underserved producers and smaller and medium operations.

USDA will reopen sign-up for CFAP 2 for at least 60 days beginning on April 5, 2021. The USDA Farm Service Agency (FSA) has committed at least \$2.5 million to improve outreach for CFAP 2 and will establish partnerships with organizations with strong connections to socially disadvantaged communities to ensure they are informed and aware of the application process.

USDA Pandemic Assistance for Producers – 4 Parts

Part 1: Investing \$6 Billion to Expand Help & Assistance to More Producers

USDA will dedicate at least \$6 billion to develop a number of new programs or modify existing proposals using discretionary funding from the Consolidated Appropriations Act and other coronavirus funding that went unspent by the previous administration.

Part 2: Adding \$500 Million of New Funding to Existing Programs

USDA expects to begin investing approximately \$500 million in expedited assistance through several existing programs this spring, with most by April 30.

Part 3: Carrying Out Formula Payments under CFAP 1, CFAP 2, CFAP AA

The Consolidated Appropriations Act, 2021, enacted December 2020 requires FSA to make certain payments to producers according to a mandated formula. USDA is now expediting these provisions because there is no discretion involved in interpreting such directives, they are self-enacting.

- An increase in CFAP 1 payment rates for cattle. Cattle producers with approved CFAP 1 applications will automatically receive these payments beginning in April. Information on the additional payment rates for cattle can be found on farmers.gov/cfap. Eligible producers do not need to submit new applications, since payments are based on previously approved CFAP 1 application. USDA estimates additional payments of more than \$1.1 billion to more than 410,000 producers, according to the mandated formula.
- Additional CFAP assistance of \$20 per acre for producers of eligible crops identified as CFAP 2 flat-rate or price-trigger crops beginning in April. This includes alfalfa, corn, cotton, hemp, peanuts, rice, sorghum, soybeans, sugar beets and wheat, among other crops. FSA will automatically issue payments to eligible price trigger and flat-rate crop producers based on the eligible acres included on their CFAP 2 applications. Eligible producers do not need to submit a new CFAP 2 application. For a list of all eligible row-crops, visit farmers.gov/cfap. USDA estimates additional payments of more than \$4.5 billion to more than 560,000 producers, according to the mandated formula.
- USDA will finalize routine decisions and minor formula adjustments on applications and begin processing payments for certain applications filed as part of the CFAP Additional Assistance program in the following categories:
 - Applications filed for pullets and turfgrass sod;
 - A formula correction for row-crop producer applications to allow producers with a non-Actual Production History (APH) insurance policy to use 100% of the 2019

- Agriculture Risk Coverage-County Option (ARC-CO) benchmark yield in the calculation;
- Sales commodity applications revised to include insurance indemnities, Noninsured Crop Disaster Assistance Program payments, and Wildfire and Hurricane Indemnity Program Plus payments, as required by statute; and
- Additional payments for swine producers and contract growers under CFAP Additional Assistance remain on hold and are likely to require modifications to the regulation as part of the broader evaluation and future assistance; however, FSA will continue to accept applications from interested producers.

Part 4: Reopening CFAP 2 Sign-Up to Improve Access & Outreach to Underserved Producers

As noted above, USDA will re-open sign-up for of CFAP 2 for at least 60 days beginning on April 5, 2021.

- FSA has committed at least \$2.5 million to establish partnerships and direct outreach efforts intended to improve outreach for CFAP 2 and will cooperate with grassroots organizations with strong connections to socially disadvantaged communities to ensure they are informed and aware of the application process.

Please visit www.farmers.gov for additional information and announcements under the **USDA Pandemic Assistance to Producers** initiative, which will help to expand and more equitably distribute financial assistance to producers and farming operations during the COVID-19 national emergency.

USDA Offers Secure New Options for Signing and Sharing Documents Online

Farmers and ranchers working with USDA's Farm Service Agency or Natural Resources Conservation Service can now sign and share documents online in just a few clicks. By using Box or OneSpan, producers can digitally complete business transactions without leaving their homes or agricultural operations. Both services are free, secure, and available for multiple FSA and NRCS programs.

Box is a secure, cloud-based site where FSA or NRCS documents can be managed and shared. Producers who choose to use Box can create a username and password to access their secure Box account, where documents can be downloaded, printed, manually signed, scanned, uploaded, and shared digitally with Service Center staff. This service is available to any FSA or NRCS customer with access to a mobile device or computer with printer connectivity.

OneSpan is a secure eSignature solution for FSA and NRCS customers. Like Box, no software downloads or eAuthentication is required for OneSpan. Instead, producers interested in eSignature through OneSpan can confirm their identity through two-factor authentication using a verification code sent to their mobile device or a personalized question and answer. Once identity is confirmed, documents can be reviewed and e-signed through OneSpan via the producer's personal email address. Signed documents immediately become available to the appropriate Service Center staff.

Box and OneSpan are both optional services for customers interested in improved efficiency in signing and sharing documents with USDA, and they do not replace existing systems using

eAuthentication for digital signature. Instead, these tools provide additional digital options for producers to use when conducting business with FSA or NRCS.

USDA Service Center staff are available to help producers get started with Box and OneSpan through a few simple steps. Please visit farmers.gov/service-locator to find your local office and let Service Center staff know you're interested in signing and sharing documents through these new features. In most cases, one quick phone call will be all that is needed to initiate the process.

Visit farmers.gov/mydocs to learn more about Box and OneSpan, steps for getting started, and additional resources for conducting business with USDA online.

To learn more about program flexibilities and Service Center status during the coronavirus pandemic, visit farmers.gov/coronavirus.

American Rescue Plan Socially Disadvantaged Farmer Debt Payments

USDA recognizes that socially disadvantaged farmers and ranchers have faced systemic discrimination with cumulative effects that have, among other consequences, led to a substantial loss in the number of socially disadvantaged producers, reduced the amount of farmland they control, and contributed to a cycle of debt that was exacerbated during the COVID-19 pandemic. During the pandemic, socially disadvantaged communities saw a disproportionate amount of COVID-19 infection rates, loss of property, hospitalizations, death, and economic hurt.

To address these systemic challenges, the American Rescue Plan Act of 2021 provides historic debt relief to socially disadvantaged producers including Black/African American, American Indian or Alaskan native, Hispanic or Latino, and Asian American or Pacific Islander.

USDA is now reviewing and working to gather feedback to implement the Act, and more guidance will be forthcoming for socially disadvantaged borrowers with direct or guaranteed farm loans as well as Farm Storage Facility Loans. As information becomes available, it will be provided directly to socially disadvantaged borrowers and stakeholder groups representing socially disadvantaged producers, posted here on farmers.gov, and shared through our social media channels, email newsletters, and the media.

Who qualifies for this debt relief?

Any socially disadvantaged borrower with direct or guaranteed farm loans as well as Farm Storage Facility Loans qualifies. The American Rescue Plan Act uses the 2501 definition of socially disadvantaged, which includes Black/African American, American Indian or Alaskan native, Hispanic or Latino, and Asian American or Pacific Islander. Gender is not a criterion in and of itself, but of course women are included in these categories.

I qualify as socially disadvantaged under the American Rescue Plan definition, but I am not late on my payments. Do I still qualify?

Yes. Any socially disadvantaged borrower with direct or guaranteed farm loans as well as Farm Storage Facility Loans qualifies.

When will qualified borrowers begin to see a loan pay-off or other payment in response to the American Rescue Plan?

USDA is now reviewing and working to gather feedback to implement the Act, and more guidance will be forthcoming for socially disadvantaged borrowers with direct or guaranteed farm loans as well as Farm Storage Facility Loans. For borrowers in arrears, the moratorium established on January 26th to stop all debt collections, foreclosures and evictions for all borrowers, including socially disadvantaged producers, remains in effect.

Producers who have worked with USDA's Farm Service Agency previously may have their ethnicity and race on file. A borrower, including those with guaranteed loans, can contact their local their local USDA Service Center to verify, update or submit a new ethnicity and race designation using the AD-2047. Find your nearest service center at farmers.gov/service-locator.

To learn more about USDA's work to implement the American Rescue Plan Act of 2021, visit www.usda.gov/arp.

Foreign Buyers Notification

The Agricultural Foreign Investment Disclosure Act (AFIDA) requires all foreign owners of U.S. agricultural land to report their holdings to the Secretary of Agriculture. Foreign persons who have purchased or sold agricultural land in the county are required to report the transaction to FSA within 90 days of the closing. Failure to submit the [AFIDA form](#) could result in civil penalties of up to 25 percent of the fair market value of the property. County government offices, realtors, attorneys and others involved in real estate transactions are reminded to notify foreign investors of these reporting requirements. The data gained from these disclosures is used in the preparation of periodic reports to the President and Congress concerning the effect of such holdings upon family farms and rural communities. Click [here](#) for more information on AFIDA.

Applying for Farm Storage Facility Loans

The Farm Service Agency's (FSA) Farm Storage Facility Loan (FSFL) program provides low-interest financing to help you build or upgrade storage facilities and to purchase portable (new or used) structures, equipment and storage and handling trucks.

Eligible commodities include corn, grain sorghum, rice, soybeans, oats, peanuts, wheat, barley, minor oilseeds harvested as whole grain, pulse crops (lentils, chickpeas and dry peas), hay, honey, renewable biomass, fruits, nuts and vegetables for cold storage facilities, floriculture, hops, maple sap, rye, milk, cheese, butter, yogurt, meat and poultry (unprocessed), eggs, and aquaculture (excluding systems that maintain live animals through uptake and discharge of water). Qualified facilities include grain bins, hay barns and cold storage facilities for eligible commodities.

Loans up to \$50,000 can be secured by a promissory note/security agreement, loans between \$50,000 and \$100,000 may require additional security, and loans exceeding \$100,000 require additional security.

You do not need to demonstrate the lack of commercial credit availability to apply. The loans are designed to assist a diverse range of farming operations, including small and mid-sized businesses,

new farmers, operations supplying local food and farmers markets, non-traditional farm products, and underserved producers.

For more information, contact your local County USDA Service Center or visit fsa.usda.gov/pricesupport.

USDA Announces Updates for Honeybee Producers

The Farm Service Agency (FSA) announced updates to the Emergency Assistance for Livestock, Honeybees and Farm-Raised Fish Program (ELAP) specific to honeybee producers. For honeybees, ELAP covers colony losses, honeybee hive losses (the physical structure) and honeybee feed losses in instances where the colony, hive or feed has been destroyed by a natural disaster or, in the case of colony losses, because of Colony Collapse Disorder. Colony losses must be in excess of normal mortality.

Updates include:

- Starting in 2020, you have 15 days from when the loss is first apparent, instead of 30 days, to file a honeybee notice of loss, which provides consistency between ELAP and the Noninsured Crop Disaster Assistance Program, which also has a 15-day notice of loss period for honey.
- ELAP will now run according to the calendar year. Since you are still required to apply for payment within 30 calendar days of the end of the program year, the new signup deadline for calendar year 2021 losses is January 30, 2022.
- If you were paid for the loss of a honeybee colony or hive in either or both of the previous two years, you will be required to provide additional documentation to substantiate how your current year inventory was acquired.
- If the honeybee colony loss was caused by Colony Collapse Disorder, you must provide a producer certification that the loss was a direct result of at least three of the five symptoms of Colony Collapse Disorder, which include:
 - the loss of live queen and/or drone bee populations inside the hives;
 - rapid decline of adult worker bee population outside the hives, leaving brood poorly or completely unattended;
 - absence of dead adult bees inside the hive and outside the entrance of the hive;
 - absence of robbing collapsed colonies; and
 - at the time of collapse, varroa mite and Nosema populations are not at levels known to cause economic injury or population decline.

For more information contact the local County USDA Service Center or visit

farmers.gov/recover.

Farmers to Receive Documentation of USDA Services

The Farm Service Agency (FSA) provides a receipt to customers who request or receive assistance or information on FSA programs.

The 2014 Farm Bill requires a customer receipt to be issued for any agricultural program assistance requested from FSA, the Natural Resources Conservation Service (NRCS) and Rural Development (RD). Receipts include the date, summary of the visit and any agricultural information, program and/or loan assistance provided to an individual or entity. Electronic receipts for acreage reports began on Aug. 1, 2016.

A service is any information, program, or loan assistance provided whether through an office visit, email, fax, or letter.

Rates

Selected Interest Rates for March 2021	
90-Day Treasury Bill	0.125
Farm Operating Loans — Direct	2.875
Farm Ownership Loans — Direct	1.500
Farm Ownership Loans — Direct Down Payment, Beginning Farmer or Rancher	1.500
Emergency Loans	2.500
Farm Storage Facility Loans (5 years)	.750
Farm Storage Facility Loans (10 years)	1.500
Commodity Loans 1996- Present	1.125

Persons with disabilities who require accommodations to attend or participate in this meeting/function/event should contact their local County Executive Director or Rhonda O'Guinn at 501-301-3018, (TDD# or Federal Relay Service at 1-800-877-8339, and rhonda.oguinn@usda.gov).

USDA is an equal opportunity provider, employer and lender. To file a complaint of discrimination, write: USDA, Office of the Assistant Secretary for Civil Rights, Office of Adjudication, 1400 Independence Ave., SW, Washington, DC 20250-9410 or call (866) 632-9992 (Toll-free Customer Service), (800) 877-8339 (Local or Federal relay), (866) 377-8642 (Relay voice users).
